Kind Correspondent,

Thank you very much for your very kind telephone calls today; I would be delighted to assist.

Please let me recommend that a search be instituted in the official heraldic records of the College here for the original registration of the Bowes heraldry we discussed and the results forwarded to you.

The College consists of nine members who meet once a month and who are unsalaried. The College being unsupported by any public funds, it would be necessary to charge a fee for this search and subsequent report. The fee seven hundred dollars and if this recommends itself to you on receipt of your kind remittance for \$700 on a dollar cheque drawn on a U.S. bank made payable to the "College of Arms" I would have great pleasure in putting the work in hand.

Permit me please to send

All my huge best wishes

as ever yours

Robert Noel
